Notice

Owing to the high price of paper, ink etc., we are compelled to ask all our subscribers who are in arrears, to pay up, as we cannot afford, at the present price of The Times, to carry any unpaid subscriptions. Those who have received bills from the office for subscriptions due, are asked to settle them as soon as possible. We want to improve the paper with each issue, but it takes money these days to buy type and equipment.

STANTON.

(By P. O. Derthick.)

John D. Atkinson was in Frenchburg last week on legal business.

Miss Grace Lawson of West Virginia, visiting her sister Mrs. Robt. Baker.

Rev. O. H. Hanley is expected home this week from his trip to Ohio and Pennsylvania.

Charles Baker of Campton is here visiting his sister Mrs. Lida Daniel and brother Robt. Baker.

Miss Gladys Webb has returned from Richmond where she has been attending the State Normal.

Romulus Jackson has recovered from his recent illness and is able to be out again to look after his farm.

Rev. O. J. Young preached at the Christian church Sunday, and Richard Crowe at the Presbyterian church, in the morning.

Miss Alice Creed spent last week in Lexington with her sister, returning home Saturday with her niece and nephew, James and Eula Webb.

Rev. D. H. Matherly and wife and child of Richmond, who are visiting in Clay City, were in Stanton one day last week with Rev. J. T. Adams.

Mrs. Robt. Blackburn and son, Colson, and sister, Minnie Conlee, have arrived home from Winchester where they stopped off on the way from Berea.

Do not forget the Temperance Rally to be held the 4th of July. A special program is being prepared. The W. C. T. U. of Clay City and Nada are invited to be present and help.

The writer has been away so much this past week that he has not been able to collect the news. He spent several days in Menefee county looking after Sunday-school work, peaching at Roe Wells school-house, and in Frenchburg, Sunday. Prof. and Mrs. Weidner, who are well remembered here in Stanton, are still there in charge of

Frenchburg College. They are preparing to build a fine dormitory so as to be able to take care of the increasing number of students.

We find the following about some of our folks in the Winchester Democrat: "Mr. and Mrs. S. K. Baird, of this county, entertained with a delightful dinner Thursday afternoon in honor of Mrs. Georgia Tompkins who, on Saturday, became the bride of Dr. W. E. Triplett of Winchester and Mt. Sterling. The dinner was a pretty compliment to the popular couple. The menu was served in several courses, and a color scheme of red and white prevailed in the decorations.

Dr. W. E. Triplett, of Mt. Sterling, and Mrs. Georgia Williams Tompkins, of Winchester, were married at Patia last Saturday, and at once left for St. Paul and other points in the United States; and will go on to Consul, in Saskatchewan, Canada, where Dr. Triplett owns a wheat farm on which he spends his vacations. Mrs. Triplett is a daughter of Mr. John W. Williams, of near Stanton, and was the widow of the late John L. Tompkins, formerly roadmaster of the L. & E., who died some years ago. They will likely make their home in Mt. Sterling, where the Doctor has a good practice.

Administrators Sale.

The estate of the late J. R. Crowe, consisting of 137 acres of land in Montgomery county, close to Levee, together with personal property, will be offered for sale on July 1, by the administrators, Strauder Tipton and Wm. Jordan. This land is within a short distance of the newly opened oil field and should bring a good price. D. R. Daniel is the auctioneer.

Road Commissioners Making Headway.

In spite of the wet weather which has greatly hampered their work for several days the road commissioners are proceeding steadily with their work and the surveying has been completed from Stanton to Bowen and the surveyor's crew are now on their way to Lulbegrud, having passed through Clay City Monday. As soon as the route is selected and the surveying completed the blue prints will be made and sent in for the approval of the State Road Commissioner, after which the contracts will be advertised and the work let out. The preparing of the plans and the detail work is of necessity a rather slow proceeding, but the commissioners are working hard and every effort will be made to have the work done as soon as possible.

It is not anticipated that there will be any difficulty in selecting a route from Clay City to Lulbegrud as practically every property owner along the road has expressed his intention to give all the land necessary for a pike, which is a very commendable action. As soon as the road is finally approved we will give the route in detail, stating where it runs and whose land it goes through, and also stating if they donated the land or whether the county had to buy it.

Baby Dies.

Little Eugene Mastin, the youngest child of Mr. and Mrs. Lewis Mastin, of near Waltersville, died last Thursday night after a short illness of enteritis. The child was about thirteen months old and was a very bright and lovable little fellow, and the sympathy of the community goes out to the parents in their loss. Funeral services were held at the grave at Powell Valley church, Rev. Dillard Potts who officiated, taking for his text, "Suffer Little Children to Come Unto Me." At the time of Eugene's death another child, Lawrence, aged 3, was critically ill, and is not out of danger yet. Dollie Mae, aged six, was also quite ill but is better now.

Judge Gourley Here.

Judge G. W. Gourley, of Beattyville, was in town Wednesday, and paid a pleasant call at The Times office, where he is always welcome. Judge Gourley states that he is well pleased with the outlook in his race for the Republican nomination for Judge of the Court of Appeals, in spite of the number of candidates who have entered the race. Powell county may be depended on to give Judge Gourley a good majority as he is well known here, and those who know him best have no doubt as his ability to make a satisfactory Judge of the highest court in the state.

For Congress.

Robt. E. Lee Murphy, a young attorney of Lexington, has announced as a candidate for the Democratic nomination for Congress against J. Campbell Cantrell.

Big Plant to Be Re-opened

If plans at present under way are matured, the plant of the Pearsite Company, which has been closed for the past two months, will be re-opened shortly. A small group of capitalists, among whom are A. A. Lowry, of Detroit, and Senator Beatty, of Bowling Green, O., have arranged to take the business over and will be incorporated under the name of the Kentucky Coal Products Co. The plant will manufacture dyes and kindred products, and the business will be conducted on a large scale.

Mr. Lowry and Senator Beatty are both well known in the financial world and they have been here for the past few days, going into every phase of the matter and only a few minor details now remain to be arranged. Mr. L. W. Searles will be retained as general manager of the concern. Senator Beatty is authority for the statement that should no hitch occur in the deal, the plant would be running within thirty days, and that all the indebtedness of the Pearsite Company would be paid off within fifteen days. This will be good news, indeed, to the people of Clay City and Powell county.

Revival.

Rev. Elbert Winkler, of Willisburg, who has held four successful revivals at the Christian church here during the past four years, will open another meeting here on the first Sunday in October. Bro. Winkler is a splendid preacher, his sermons being both logical and well delivered, and the public is cordially invited to attend.

CHRISTIAN ENDEAVOR

Sunday, June 25, 7.30 p. m.
Topic, "What is the Purpose of our Life on Earth?"
Leader, Miss Lyda Newkirk.
Preaching service will be held immediately after the program, and all are invited to attend both.

Woman Suffrage Is Party Plank

The Democratic National convention finished its work Friday at St. Louis by adopting the party platform exactly as approved by President Wilson and submitted by the resolution committee, including the plank on Americanism and that favoring woman suffrage but not until the harmony of its three days' session had been disturbed with a row over the suffrage plank. No voice was raised against the vigorous declarations of the Americanism plank, but at one time it looked as if the suffrage plank had been lost. After Senator Walsh of Montana had told the convention that President Wilson himself considered it vital to party success, it was voted into the platform by a ballot of 888½ to 181½. The entire platform then was adopted without roll call.

As it went into the platform the suffrage plank stands:—

"We favor the extension of the franchise to the women of this country, state by state, on the same terms as to the men."

Judge Shackelford's charge to the grand jury at Stanton Monday was one of the best we have ever heard delivered. After calling attention to the ordinary offences which come under the scope of the grand jury investigations, he called special attention to the carrying of concealed weapons and to offences against the liquor laws. He characterized the carrying of concealed deadly weapons as "the most cowardly and dastardly of crimes" and stated that there was practically no offence of any importance the cause of which could not be traced to a combination of this and whisky. He also called attention to the abuse of public property, particularly the toilet room at the court house, which was the scene of a shooting on the occasion of the opening of the last term of circuit court, and asked the grand jury to return indictments against any persons offending in this manner. Judge Shackelford also expressed himself as in favor of good roads, and instructed the grand jury to investigate the condition of the county roads with reference to the work of the overseers.

During the absence of Governor Stanley and Lieutenant Governor Black, who were delegates to the National Convention at St. Louis, last week, Senator Combs was acting Governor, and took advantage of his prerogative to pardon several convicts, among them Henry Blankenship, of Pike county, and Allan Creech. Although it had been suggested that he would pardon Youtsey, no application was made to him for that purpose, but the wholesale pardoning of other prisoners created quite a sensation. During his short tenure of office Governor Combs must have been entirely occupied in either signing pardons or the appointment of Colonels, a number of whom were added to the already plentiful list. Lexington friends of Gov. Combs, at a banquet given in his honor started a little boom for him for Governor, but we think Senator Combs himself, by his actions while holding that important office, killed all the boomlets his friends could start. He would have done better to pardon Youtsey, which would have offended

Suffered with stomach ills; Now Mr. Evans, of Lexington Has no trouble whatsoever.

"I suffered with my stomach for a long time but after taking Tanlac I got immediate relief," said Mr. James Y. Evans, of 343 Georgetown street, Lexington, Ky. Mr. Evans is an undertaker in the employ of Milward & Co. "I feel that I cannot praise Tanlac enough for what it has done for me. I want to advise anybody suffering with stomach trouble to give it a chance."

Tanlac is a tonic which aids digestion, promotes healthy, refreshing sleep and strengthens the nerves.

There is hardly any portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system.

Next it enables a weak, worn out stomach to thoroughly digest its food, permitting the assimila-

tion of the nourishing products to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease, weakness. It renders the body vigorous and elastic. It keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution run down by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all sufferers from such trouble.

Tanlac is being specially introduced in Clay City at Eaton & McGuire's store.

Tanlac may be obtained in Stanton at Hardwick & Co.; Bowen, Day & King; College Hill, Ginter Bros.; Torrent, J. Taylor Day; Irvine, Irvine Drug Co.; Genet, Genet Cash Store; Waltersville, Henry Waldron.

no one, and to let the rest remain for Governor Stanley to handle.

The road commissioners are to be congratulated on the business-like manner in which they are attending to their work and on the progress they are making. No weather is too wet and the roads are never too bad for them to be looking out for the best interests of the people. Monday, after the heavy rain the previous night, was anything but a desirable day to be riding around the country, but the commissioners were out on the job, realizing that that was an ideal time to locate the road between here and Stanton, which has occasioned considerable controversy, some stating that one route would overflow and some that another was too wet. Now the commissioners know exactly the condition of all the routes in wet weather, having seen for themselves on Monday, and they will use that knowledge for the benefit of the people.

The daily papers a few days ago stated that Col. Roosevelt was suffering from an injury which he attributed to being thrown from a horse. However, our opinion is that it was a Bull Moose or a Democratic Donkey that caused the Colonel's injuries.

Who is Guilty?

B. F. Hatton, of Bowen, was

in town Tuesday, and in the course of a conversation mentioned that the post office at Clida had been discontinued in January. As we have been sending a bunch of papers to subscribers at Clida ever since the post office at that place was established, we are at a loss to know why we have not been informed of the discontinuance of the office there. Looks like somebody has forgotten their duties.

Does Sloan's Liniment Help Rheumatism?

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

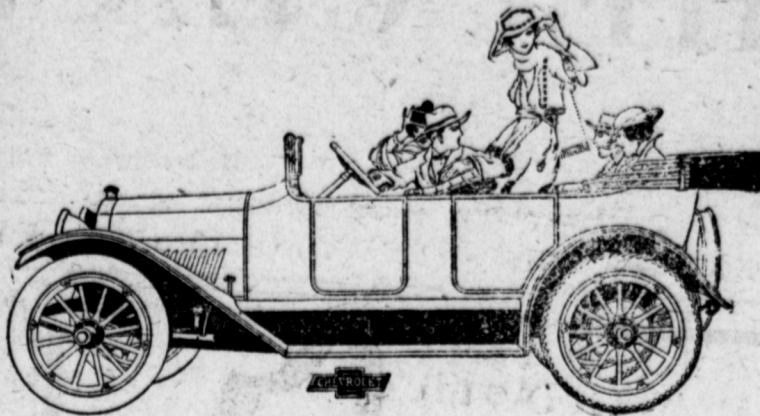

I wish every suffering woman would give

CARDUI The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

We hope this year to see the the whisky business wiped out for good and want the people to vote for men they know are

against that nefarious traffic which wrecks the lives of our young men Every sensible man and woman who will stop to consider the question thoroughly knows that whisky is the greatest evil that we encounter. We know of six boys hauled up before last court for selling or giving liquor to miors, while three were tried for murder, and whisky was the cause of it all. Why not stop the sale and manufacture of a thing so ruinous to our homes and our children and get after the real guilty persons and not the boys who are snared by older ones?

Judge Gourley Visits Irvine

(From The Irvine Sun)

That fine able gentleman of merit and friend of Beattyville—Judge G. W. Gourley, was a visitor in Irvine Thursday. He is always welcome in Irvine for the people here and Estill county have a great admiration for the candidate for the Republican nomination to the Appellate Judgeship.

The Judge feels mighty good over the prospects for his success at the primary polls, and if Estill county could be taken as an index, he would have little difficulty in receiving a handsome majority over all the opponents and leading Republican of Estill county stated today that he would receive at least one thousand majority in Estill county. The Judge states, with a great deal of confidence, that he will carry Clark, Estill, Powell, Lee, Owsley, Wolf and Breathitt counties by a majority of seventy-five per cent of the total vote. In these counties, he is intimately known and wherever he is known, it seems that nearly every man is for him good and strong.

Judge Gourley is not a noisy campaigner, but he is conducting this race in a quite, judicious and convincing manner. He makes friends easily and holds them firmly.

Not only is Judge Gourley strong in the several counties in this part of the Seventh district but he will receive a flattering vote from the other counties where the bulk of the vote will naturally be divided among the other candidates who are waging strong campaigns in those counties.

After shaking hands with his many friends and substantial adherents here, he left for Mt. Sterling feeling fine, fit, young and confident of success at the polls.

Scared the Boys.

Some wags around town perpetrated a mighty mean joke on the band boys Wednesday night, and caused some of them to lose a night's rest. With the aid of a telegraph blank and the connivance of Professor White, the bandmaster, a telegram was sent to the latter, announcing that the entire band, consisting of eighteen pieces, was called on to volunteer for service at the training camp, with a possibility of active service on the Mexican border. When the telegram was exhibited at practice time, it was a sight to see the "cold feet" that developed, and for a husky looking bunch of young fellows it was surprising how many had some ailment which would prevent their going to the front. It is said that Grau Hackworth and Joe Mountz denied being afraid to go, but "there wives wouldn't let them." Syl Larison was also very anxious to take his drum along, but said he had a bad corn and couldn't stand the marching. Some of them have not been seen since the call was announced, and we are publishing this in order to relieve their minds and inform them that the joke was on them.

Advertising in The Times will pay you. If you don't believe it let us convince you by a trial.

J. R. McOutcheon, erstwhile cashier at the Pearsite Company, office, writes us from National Soldiers, Tenn., that he is now located in the Treasurer's office there. We are glad to know that Mac has secured a good berth but would have liked to keep him here, as he was a fine fellow and he and his family are missed from Clay City.

Two Children Die Within a Week.

After the first page of The Times had gone to press we learned that Lawrence, the three-year old son of Mr. and Mrs. Lewis Mastin, who has been critically ill for some time, died Wednesday at midnight. The little fellow made a brave fight for life, and for a few days it was thought that he would recover, but late Wednesday he took a turn for the worse. Only a week ago the baby of the family, Eugene, aged thirteen months, died of the same trouble, enteritis, and the sympathy of the entire community goes out to the heart broken parents in their double loss.

Oil Notes

B. A. Bonnaville is moving his machine to another location on the S. G. Baker farm, about 1,000 feet from where he brought in a good well last week.

Messrs. Oldeendorf, Bonham and Clarke, the oil men, all returned to their homes at Mt. Carmel, Ill., Wednesday, for a

few days, after which they will return to go at the drilling again. Messrs. Heien & Sherman, the drillers, will also spend a week at their homes before starting the next well.

J. T. Wright, of near Spout Springs, was in town a few days ago and paid The Times a pleasant visit. Johnny says the oil fever is mighty bad in his part of the country and that every landowner is sure of having a fortune under his cornfield. Development word will be commenced there shortly and we sincerely hope that every dream comes true.

J. L. Oldham and others, of Winchester, are preparing to drill a well on the head of Hardwicks Creek, and expect to start operations in a few days.

A. S. Campbell, representing the A. H. Heisey Company, of Newark, O., was here last week and selected a site for drilling on some acreage southwest of town.

Ohas. A. Gartlan, of Pittsburg, returned here this morning to await the arrival of rig, which was shipped some days ago, but has been delayed in shipment. He was accompanied by Mrs. Gartlan, and they will be here for some time.

The well being drilled on Slate creek, seven miles north-east of here, has encountered considerable trouble with water, and is drilling at 140 feet.

The Kenova Oil Co. has a nother rig enroute, which will be operated on Black creek, about two miles from town.

Watson & Co. are daily expecting the arrival of a rig which will be set on the Luther Stephens place on Morris Creek.

T. M. Beckett reports a dry hole at Torrent, 12 miles above here, at 1,100 feet. As this is the second dry hole in this territory it seems to indicate that a large area east of Estill Furnace is dry, the well at Slade, a few miles from there, having also been dry.

B. G. Pratt, President of the International Oil Co., of St. Louis, who acquired some acreage here a couple of weeks ago, has returned and is preparing for active development. He is accompanied by Mr. Downey, an Oklahoma operator.

Preparedness.

Down in Winchester, our old friend, Capt. Harry T. Strother, well known all over the country both as an expert shot and as a patriotic citizen, has started a movement to organize a company for service on the Mexican border, and in the same issue of the paper in which this announcement appears is an advertisement, asking that the borrower of the Captain's two rifles will keep them oiled so as not to impair their shooting qualities.

Sunday Services

During June, July and August, the Sunday School of the Presbyterian church will be held at 9:30 a.m., and the preaching service at 10:30 a.m. every Sunday. A Twilight Service will be held at the school-house of the Orphans' Home every Sunday evening at 6:00 p.m. A cordial invitation is extended to all.

To Build School.

The suit brought against the County Board of Education by patrons of the Waltersville and Darlington schools was tried at Stanton Wednesday, Judge Shackelford deciding in favor of the Board. The schools will accordingly be built on the site selected.

Circuit Court.

Circuit Court was convened at Stanton Monday, and after the formalities of selecting and instructing the grand jury and other routine business, the mills of justice started grinding and disposed of a number of miner cases. The docket is not a very heavy one at this term, and will probably be cleared up by the end of the week.

NOTICE!
